Ok Diegol,

in some of your photos, it looks like for me you going to be bald for sure.

But on other perspective it looks quite good.

I guess the corners are the main problem for you at the moment?

You can fill up your corners with 1000-1500 Grafts and you will be happy.

But if your hairloss will go on, you have to make more surgeries for the new balding areas.

I wouldn't use any medics, because it wont work for ever! It only can push the balding time in the future. In my case, i only plan in hairtransplant...(No bad balding-surprises in the future!)

It is not so easy to say what you exactly should do.

But these are my first short thoughts about you.

Vito

@ diegol

Du kannst ganz einfach alles zu Keser finden, indem du oben im Fenster „suche“ den Begriff Keser eingibst. So findest du alle Beiträge im Forum wo was zu Keser steht.
