Hello,

It's very stupid to think that I work for the doctor Feriduni. I just wanted informations about him because in France enough people had experiences with him and I thought A lot of persos had surgeries with him in germany or in Belgian. So I sent messages here and in belgium. German Homer you are very simpathic to speak english. I hope that if one day you need to consult fernch forums, everybody speak with you only in french. For the other people thanks
