Habe etwas auf Englisch verfasst, da ich diese Frage auch in einem internationalen Forum gepostet habe. Wenn das nicht erlaubt sein sollte, kann ich eine Löschung natürlich nachvollziehen.

Antworten hierauf selbstverständlich auch/vor allen Dingen auf deutsch! Danke!

Dear users,

I'm 25 years old and in a couple of weeks I'll be starting to wear a (fullcap) piece, or at least give wearing a try. Since I don't believe that it is possible to make a piece completely undetectable !EVERYWHERE, IN EVERY SITUATION, AT ANY TIME! , I have to be prepared (mentally) when it comes to the situation, where another person "detects" the piece.

1.)How did you - as some of you are experienced wearers - deal with such kind of situations?

2.)How has your dating life/ love life changed since you started wearing?

3.)Have some of you been "honest" about wearing since the first date with a girl and still not been rejected by her?

I just want to collect stories about how wearing can be dealt with when it comes to romantic/sexual life.

For example: "Since I started wearing, I had three girlfriends, which had no problem with it..."  
...or..."Since I started wearing, I have been rejected by many girls, because they thought it was silly and whack to wear a piece."

I'm looking forward to all of your answers and wish all of you a nice evening

T.C.
