Will Check: "I would really concentrate on finding a scalp brush I brought one for \$2 from a chemist and has regenerated my hair so it is now thicker and growing in places that before it was struggling to grow. I lean over so my head is lower than body and brush/massage it then so there is a pool of blood in my tightened scalp. Atleast twice a day. This is the only thing that has given me results."

Manikanta Reddy: "Hi @Dmitry, i watched your video and i have tried and it has worked for me"
