<http://www.divineskin.com/dandrene/treatment.html>

Wirkstoffe:

- 1) climbazole, the best inhibitor today against the fungi that generate scales,
- 2) ketoconazole, proven in years of trials to inhibit fungi as effectively as any compound,
- 3) manuka and willow complex, a botanical source of antimycotic triketones, polyphenols, and salicylic derivatives, and
- 4) extract of pomegranate, a superfruit with properties to regulate epidermal differentiation, slow down scaling, and strengthen the barrier function of skin. Full-spectrum Dandrene also lavishes hair and scalp with
- 5) brewer's yeast, rich in vitamins, amino acids, and minerals.

meine meinung: ausser der schönen futuristischen verpackung... nichts besonderes.

meine meinung: ausser der schönen futuristischen verpackung... nichts besonderes.

genau so ist es...

die haben auch die loreal strategy alle 6 monate was neues...das sagt auch das was bisher da war ist auch nicht der renner...
