Role of reactive oxygen species (ROS) on androgen-inducible TGF-beta1 regulation of dermal papilla cells. Hyeon Gyeong Yoo, Yong Jung Kang, Se Rah Lee, Hyun Keol Pyo, Oh Sang Kwon, Kyu Han Kim, Hee Chul Eun, Kwang Hyun Cho, Department of Dermatology, Seoul National University, College of Medicine, Laboratory of Cutaneous Aging and Hair Research, Clinical Research Institute, Seoul National University Hospital and Institute of Dermatological Science, Seoul National University, Seoul, Korea

Immortalisation and characterisation of balding and non-balding dermal papilla cell lines and their response to oxidative stress. Adiam W Bahta, Dermatology (QMUL), London, UK

leider momentan nur Titel vorhanden.

Das fettgedruckte dort (behandelt auch die Thematik), haben Fred, und ich parallel zu ihm, zuerst entdeckt! Fred e.v. noch früher wie ich.
