Zitat:

The Bald Truth is a weekly talk radio show hosted by Spencer Kobren, founder and president of the American Hair Loss Association. The show is two hours long and airs every Sunday night at 5PM PT/8PM ET from the Westwood One studios in Los Angeles, California. Host Kobren is also an author, having published the books The Bald Truth: The First Complete Guide to Preventing and Treating Hair Loss, and The Truth About Women's Hair Loss.

The show itself has been on the air for more than ten years and nationally syndicated for eight. The show originally started as a half-hour show (less than 20 minutes minus commercials) on Saturday nights on New York City's 77 WABC, and has since broadcast on other heritage stations such as 710 WOR in New York City and KLSX in Los Angeles.
