Hello.

I would like to know if some of you guys are making their own minoxidil lotion?

My plan would be to make a lotion with minoxidil and RU, in KB solution.

Do you think it could be good?

Also can you find minoxidil powder in apotheke in Germany?

Vielen Dank!

I bought minox-powder from an ebay-shop in the UK, but currently they do not offer minox.

In any german pharmacy it will be possible to order an individualized mixture with minoxidil. Excluding RU, I'm afraid.

There are instructions like given in the Deutsche Apotheker Zeitung that any pharmaceutical technical assistant (PTA) ought to know.

You can buy minoxidil powder here: <https://www.thekaneshop.com/product/minoxidil/>

Bitteschön!

Oh the issue is that I would like to use RU in KB, but at the same time than minoxidil. So I would need minoxidil powder. Kane delivers to germany?

Our member "Jürgen87" reports that there haven't been any problems with this shop, at least recently not, and he had ordered there for many years. The products of this main supplier for Europe had been indepently tested, our guru "pilos" would have more info on that. Thekaneshop would be under a lot of pressure to supply good stuff because of their already dubious reputation.
